Announcement

In presenting to you this catalogue, we take real pleasure in extending a cordial invitation to all farmers and breeders of Shorthorn cattle to be with us on this sale day whether in the market for cattle or not.

Our herd was established in 1907 by W. B. Robinson & Sons, and represents forty-nine years of constructive Shorthorn breeding. Through the use of outstanding herd bulls at all times, and the addition of superior females with unquestionable breeding, we have been able to produce quality cattle that have ranked high in shows and sales, and increased the popularity of Shorthorns in our territory.

It is a great source of satisfaction to have our old friends and customers coming back year after year with their favorable comments on former purchases. We have learned through years of experience that our best advertisement is satisfied customers, and with that fact in mind we are offering a clean, healthy lot of cattle, just in good breeding condition which will insure their future usefulness and make money for the purchaser. Our large herd, maintained at peak production, affords an opportunity for buyers to secure good cattle produced in a practical manner under ordinary farm conditions.

The recent bulls used and those whose get are featured in this sale are Goldfinder's Sultan by Goldfinder Sultan and Achtoi Dreadnaught. Goldfinder's Sultan was used in our herd for four years, and he sired a very thick type useful lot of heifers that were retained in the herd. Achtoi Dreadnaught was purchased from the Arnold Herd of Sterling, Illinois. His heifers also were of good quality and kept for breeding stock.

The Goldfinder and Achtoi Dreadnaught cows have been the nucleus of our breeding herd which we have been mating to Prince Willingdon. Prince Willingdon was champion and top selling bull in the 1951 Wisconsin Shorthorn Breeders Sale. His dam is the noted Imported Bessie Charm, a cow that has done so much in the Vincent Baker herd of Wisconsin. Prince Willingdon's fourth crop of calves are now on the farm. His calves have been uniform and have met with favor in the shows and sales, the kind of calves that contribute to the steady progress of the Shorthorn breed.

To the student of Shorthorn pedigrees it will be noted that the blood of practically all the most prominent and the prize winning herd bulls has been used in this herd through the years. We take pride in presenting this offering and invite you to come in plenty of time to look it over carefully before the sale begins.

Without question, Prince Willingdon has every year sired better calves, bulls, and heifers than have been produced from any other bull we have ever owned. His sons and daughters have on several occasions been top selling animals and first prize winners at Marshall County, Hawkeye Downs in Cedar Rapids, and Central States, Oskaloosa sales. In one season four of his daughters were Champion 4-H purebred heifers in their respective counties for boys who purchased them from us. The Reserve Champion female at Mason City this year is a daughter of P. W. His get has consistently done well for new owners and his reputation as a sire is well known to Iowa breeders.
